

The revolutionary and unique concept
to attach accessories
without drilling

CLICK-ON

ATTACH

MOVE

Cosmopolitan™ series

NO NEED TO DRILL INTO

fixMI® is an innovative system without need for drilling. It includes the **fixMI**® tile trim and compatible lines of click-on accessories.

The **fixMI**® tile trim is a decorative listello to fix DURING tiling, like any tile trim.

fixMI® allows you to click-on, to attach solidly, to move and to change the accessories for your bathroom, at any time.

YOUR TILES ANYMORE

Solidly attached accessories which you can move at any time

The **fixMI**® system is composed of:

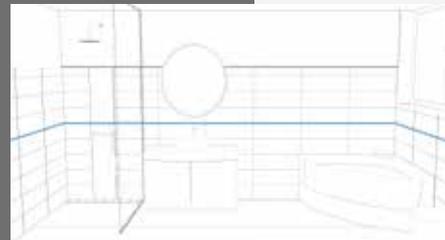

- The **fixMI**® accessory holder tile trim
- Various lines of compatible accessories
- A decorative listello to finish your bathroom walls where you do not need to place accessories

The **fixMI**® tile trim is positioned at a height of about 1.10 M DURING tiling.

With or without accessories, the **fixMI**® tile trim emphasizes the tiles on your wall by it's minimalistic design.

Feel free to add a higher placed **fixMI**® trim to fix more accessories.

The decorative listello is positioned in the prolongation of the **fixMI**® tile trim, in line with the tiling pattern of your wall tiles.

A SOPHISTICATED, CONTEMPORARY AND TIMELESS SERIES

Cosmopolitan™ series

Discover **Cosmopolitan**, a high-end click-on accessory line compatible with the **fixMI®** system.

The **Cosmopolitan™** series is made of chrome-plated solid brass with partial matt black finish and combines a unique, contemporary and timeless design with top-quality materials.

TEMPORARY

PROVEN QUALITY COMBINED

Cosmopolitan™ series

Noble materials for
a high-end finish

Produced in chrome-plated solid brass for a refined and modern design, your **fixMI**® accessories respond to the strictest daily requirements.

The accessories are oxidization and corrosion-resistant, as well as solid and reliable.

Easy to clean, your shower cabin has never been so simple to tend to over time!

A chrome-plated solid brass series to respond to all the requirements of your bathroom configuration.

A great load-bearing
capacity!

Tested and validated by an independent laboratory, **Cosmopolitan**™ series accessories can bear a capacity of up to 15kg!

With **fixMI**®, you can use your bathroom accessories without any fear!

WITH AN EXCLUSIVE DESIGN

A decorative listello, even without any accessories!

The **fixMI**® system adapts to all standard kitchen and bathroom configurations. The system comes with several lines of modern and design accessories:

- **For the bathroom** (*towel bar, soap holder...*)
- **For the kitchen** (*magnetic knife strip, shelves...*)

The aluminium structure of the **fixMI**® tiling trim ensures a high strength and solidity, enabling an easy fitting during tiling.

The glossy chrome plated **fixMI**® trim of 2.5M or 1M length **adapts to the different thicknesses of your tiles** and is available in 3 heights: 8mm, 10mm, and 12.5mm.

Installing the **fixMI**® tiling trim

Our available lengths match the standard space configurations and avoid multiple cuttings. The thin sole (*0.8mm*) enables you to fix the trim discretely between 2 tiles.

- The MAT INTER punching "MI", allows to spread the mortar in an optimal way
- The right sole width helps to have a high tile adhesion
