

The new revolutionary design concept
to attach accessories
without drilling

CLICK-ON

ATTACH

MOVE

Bilbao™ series

NO NEED TO DRILL INTO YOUR TILES ANYMORE

fixMI® is a revolutionary system without need for drilling. It includes the **fixMI®** tile trim and compatible **lines of click-on accessories**. The **fixMI®** tile trim is a decorative listello to fix **DURING** tiling, like any tile trim.

SOLIDLY ATTACHED ACCESSORIES WHICH YOU CAN MOVE WHENEVER YOU WANT

fixMI® allows you to click-on, to attach solidly, to move and to change the accessories for your bathroom, at any time.

fixMI® has been launched with several accessory series:

- For the bathroom: **Cosmopolitan™**, **Metropolitan™**, and **Bilbao™** series
- For the kitchen: **Bubble™** series
- For lights and electric accessories: **Luma™** series

Bilbao™ series

A DISCREET AND SOFT SERIES

Discover **Bilbao™**, the round click-on accessories compatible with the **fixMI®** system.

Made with polished stainless steel, the **Bilbao™** series combines a balanced cylindric design with resistant materials.
