

A NEW CONCEPT OF NATURAL STONE

catalogue 2019

TRAME DI PIETRA®
c o l l e c t i o n

TWS
MATERIA NEL TEMPO

OUR WORLD

Dopo un'esperienza di oltre trent'anni nell'estrazione e trasformazione delle pietre naturali e dei marmi, TWS nel 2016 dà vita a Trame di Pietra®, un progetto basato sul connubio tra ricerca, solida conoscenza delle pietre naturali e creatività di architetti e designer. Trame di Pietra® offre una nuova interpretazione dei materiali classici come la pietra e il marmo: nuove ed inedite texture e pattern trasformano la materia creando superfici uniche, idonee per la realizzazione di pavimenti e rivestimenti.

Piccole e semplici linee si intrecciano con la pietra e le sue diverse sfumature, creando un movimento che dona pregio e fascino alla materia stessa.

La semplicità dello stile, il pregio della materia e la cura sartoriale nella creazione della texture sono i punti di forza di un prodotto che trova la sua massima espressione nell'incontro con la creatività e la progettualità.

After a thirty years experience on extraction and transformation of natural stones and marbles, in 2016 TWS creates Trame di Pietra®, a project based on research, high expertise on natural stones and creativity of architects and designers. The goal of the project is proposing an innovative interpretation of classic materials as stone and marble: new and unique textures and patterns transform the material in exquisite surfaces, suitable for flooring and wall coverings.

Small and simple lines meet the stone and its different tones creating unique movements that give value to the material.

Simplicity of the style, value of marble and stone, care and ability of dealing with such a classic and noble material are the key strengths of these products that find the best expression when they meet creativity and projects customization.

NATURAL STONE AND MARBLE

La materia pietra viene trasformata mantenendo la sua natura, senza essere alterata, con micro-incisioni che creano giochi di luci e ombre. Superfici tono su tono idonee per pavimenti e rivestimenti.

We transform natural stone without altering its nature, creating micro- engraved surfaces "ton sur ton", with light and shade effects, suitable for flooring and wall coverings.

BEIGE

Il calore di una pietra senza tempo, che sa scaldare ogni progetto con la sua nuance neutra morbida e versatile.

A soft and timeless stone, able to warm up each project with its own nuance neutral, tender and versatile.

GRIS NUAGE

Una pietra che sa esaltare ogni ambiente ed ogni tipo di arredo, un grigio leggero dallo stile intrinseco.

A stone that enhance spaces, architectures and design, a soft grey with a natural style.

GREIGE

Il valore di una pietra naturale che nasce con una cromia elegante ed una raffinata omogeneità.

The value of a natural stone with a stylish tone and an elegant homogeneity.

NOIR

Assoluta ed essenziale: questa pietra naturale saprà dare valore ad ogni situazione arredativa, dal classico al contemporaneo

Basic and pure: this natural stone will be able to add value to every architectural space and interior design, from classic to contemporary.

GRIS BRUNE

Calda ed omogenea: una pietra naturale caratterizzata da una nuance inedita ed estremamente elegante.

Warm and uniform: a natural stone identified by a unique and extremely elegant nuance.

BIANCO CARRARA

Ricercato e inimitabile, ogni venatura è una impronta unica che distingue ogni singolo pezzo.

The most sought-after and exclusive marble, each vein is a unique sign that characterizes every single piece.

BARDIGLIO IMPERIALE

La preziosità del marmo nella cromia più versatile. Questo marmo si caratterizza per le raffinate e sottili venature che parlano di stile.

The magnificence of the marble in the most versatile color. The soft, elegant and stylish veins are the peculiarity of this marble.

FLOOR & WALL SURFACES

Superfici che prendono vita grazie a micro - incisioni che arricchiscono la pietra naturale di texture e pattern inediti.

Frutto di continua ricerca e creatività, le collezioni di Trame di Pietra rendono la materia contemporanea e affine ad interpretazioni sempre nuove.

New and unique textures micro-engraved on natural stone create beautiful and experimental surfaces. Thanks to a mix of continuous research and creativity, Trame di Pietra® collections transform natural stone in a contemporary material, offering an innovative interpretation.

SLABS & CUSTOMIZATION

Trame di Pietra è un progetto la cui parola chiave è “customizzazione”.

A supporto delle esigenze di progetto, i formati standard si alternano ai formati “cut to size”. Grazie alla continua ricerca, ai materiali in collezione si aggiungono sempre nuovi marmi e nuove pietre. La flessibilità della tecnica e la sperimentazione continua portano alla creazione di nuove texture e decori personalizzabili, offrendo infinite opportunità per i progetti custom made. Un approccio creativo e flessibile che, nel dialogo costante con architetti e

designer, dà vita ad innumerevoli applicazioni nel campo dell'architettura d'interni.

La realizzazione di micro-incisioni su lastre di marmo e pietra di grandi dimensioni fino a cm 100x250 si rivela uno strumento innovativo ed idoneo per la realizzazione di lavori su misura a supporto di studi di progettazione e laboratori di marmisti. I progetti spaziano dalla realizzazione di pavimenti e rivestimenti per ambienti living, cucine, bagno, spa e piscine fino al settore dell'arredamento, con la creazione di tavoli, mobili e lampade.

Trame di Pietra is a project where the key concept is “customization”.

Surfaces move from standard sizes to cut to size to support custom made project needs. Thanks to the continuous research, new stones and marbles are continuously proposed in the collection of materials. The flexibility of the techniques used for transformation, coupled with the continuous testing, allow the creation of new customized textures and patterns, providing limitless opportunities for bespoke projects. This innovative and flexible approach meets the creativity of architects and designers to give birth to unique and unprecedented applications in interior design.

The transformation of micro-engraved big size slabs in stone and marble up to cm 100x250 is a key innovative instrument which offers unique opportunities to marble laboratories, architects and designers for bespoke projects.

Projects may span from flooring and wall coverings for living rooms, kitchen, bathrooms, spa, wet rooms, swimming pools up to interior design, such as tables, furniture and lamps.
