

# STRATO®

for outdoor living lovers

Outdoor collection

The Eternity Strato Outdoor Collection designed by Gianna Farina creates a comfortable, modern and stylish outdoor living space and reflects the great attention for details, continuous research of materials and unique design.

The Outdoor kitchen cubes and dining table are made entirely in stainless steel and ceramic: a material of eternal resistance and natural charm that, combined with a unique style and a real high Italian craftsmanship, presents an absolute innovation in the outdoor design.

The Strato Outdoor Collection, designed to be integrated perfectly with the external ambience, can be produced with customized dimensions and colours. It is suitable for furnishing gardens, terraces, patios, yachts, spas and any outdoor ambience.
